Nissay Asset Management has been selected for the entrusted research on “Study on Impact Investing Activities in Listed Equity” by the FSA
(English version is now available)

Nissay Asset Management Corporation (President: Hiroshi Ozeki; hereinafter “NAM”) is honored to announce that NAM was selected for the commissioned research by the Financial Services Agency of Japan (FSA) on "Study on Impact Investing Activities in Listed Equity". The full report (English Version) is now available on the FSA website.

The FSA is responsible for (i) ensuring the stability of the financial system; (ii) protecting the users of financial instruments and services, such as depositors, insurance policy holders, investors and the like; and (iii) facilitating the smooth function of financial services. The purpose of this commissioned research is to clarify the current status of efforts by institutional investors, mainly in Europe and the United States, by focusing on listed equity among various asset classes in which impact investments* are taking place, and to obtain insights into challenges for future development.

This report can be downloaded from the link below:

<https://www.fsa.go.jp/en/news/2020/20200522/20200522.html>

Note: The English version is a translation of Japanese original, which was submitted to the FSA in March 2020.

*Impact investments are generally used to refer to investments that intend to generate positive, measurable environmental and/or social impacts in addition to financial return.
