Nissay Asset Management Acknowledged As the Lead Sponsor for The PRI Digital Conference

Nissay Asset Management Co., Ltd. (President: Hiroshi Ozeki, "NAM") will be acknowledged as Lead Sponsor at the PRI Digital Conference. First proposed by the United Nations, PRI (Principles for Responsible Investment) was established in 2006. It stipulates, among other things, that environmental, social and corporate governance (ESG) issues should be reflected in investment and ownership decision-making. NAM signed the PRI in 2006.

The PRI Digital Conference will be held online between October 18-21, 2021, and will bring together managers, asset owners, and other global ESG investment leaders to discuss key ESG issues such as climate change, human rights, and corporate governance. With more attention being paid to environmental and social sustainability in the wake of the COVID-19, more than 3,000 people are expected to attend the conference, and it will be a great opportunity to grasp the latest developments surrounding ESG.

NAM is also the Lead Sponsor of PRI's Academic Network Week being held between September 13-17, 2021. The purpose of this event is to bridge the gap between researchers and investors regarding responsible investment. The latest research and insights on responsible investment will be compiled in an easy-to-understand manner through the publication of findings from academic research by authors and discussions by investment professionals.

By supporting these events, NAM will fulfill our social responsibilities as an institutional investor and continue to make continuous efforts to further advance ESG management.
